

LET'S END THE WAR ON THE POOR

OUR PUBLIC REALM

Let's make our roads; foot and cycle paths, parks, public spaces and buildings something we can be proud of here at home- creating a great legacy that begins now.

A GREENER CAMBS

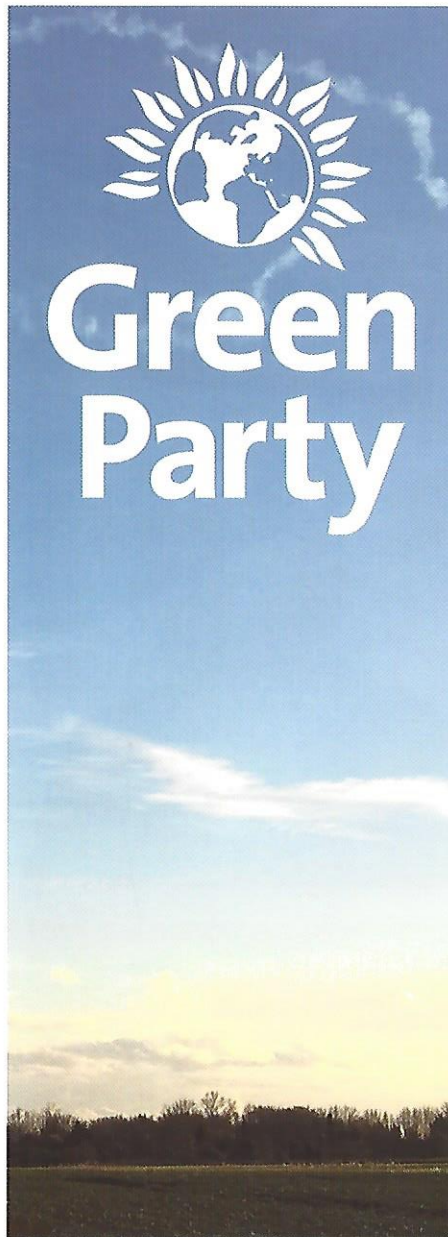

Only 4% of Cambs is covered by trees, woods, forest, the English County average is 8%; let's reforest the county.

FAIRNESS

In East Cambs Tories get 40-45% of the votes and 90% of the seats. You can change that with your vote and voice.

JOIN US/ HELP US

You can find us at East Cambs Greens on the Web, Facebook or Twitter.

SAY NO TO
POLITICS AS USUAL

GREEN PARTY

EAST CAMBS

VOTE FOR YOUR GREEN CANDIDATES AT THE CAMBS COUNTY COUNCIL ELECTION IN MAY

CARE

Vote Green to invest more in our care services for all in need...

EDUCATION

Let's invest more in lifetime education and training from pre-school, through school and college, and adult and lifelong learning...

HOUSING

Let's build more affordable and social housing that meets the needs of young people and families...

PLANNING

Let's give parishes and communities the right to say no to inappropriate developments.

TRANSPORT

Let's make our transport system and hubs better connected for walkers, cyclists, commuters, rail users and visitors...

VOTE GREEN FOR FLORAMAY WATERHOUSE

BURWELL

I moved to Burwell in 1987, and am an English and special needs tutor.

Watching my four year old daughter each day reminds me that if I cannot put my hand on my heart and say that I did everything possible to secure her future, then I will have failed her. This is why I am standing for local government - because locally and nationally, decision-makers are failing our children and young people - and a great many others besides.

If my daughter could vote, she would want to know that:

- our green spaces, our environment, our wildlife and our planet were being taken care of properly
- children and young people were being given the proper care and support to enable them to achieve their full potential
- the gap between rich and poor was getting smaller rather than larger

I passionately believe that local government must stand for the many, not just the few. If, like me, you believe in the politics of hope rather than fear, then please give me your vote.

VOTE GREEN FOR ANDY COGAN

SOHAM SOUTH & HADDENHAM

Andy Cogan has worked and lived in East Cambs since 2000.

He is chairman of Reboot Cambridge an ICT recycling, and ICT recycling training, Social Enterprise, that has recycled nearly 300 tons of ICT over the past 10 years. Each ton of ICT recycled saves the planet: 1 ton of CO₂; 4 tons of fuel; 6 tons of quarrying; 8 tons of fresh water.

Cambridgeshire needs to do its part to secure a greener future for our children and grandchildren. Let's GO GREEN !

He is a former CEO of a regional charity. He was a Labour Councillor in the 1980s when Mrs Thatcher was dividing and devastating communities some of which have never recovered in terms of jobs and futures.

“Let's make Cambridgeshire a better place to live, to work in and to visit ...”

Andy Cogan
